

Sept 2021- Jun 2022
Course information for 1r - 3r
Commencing Week of 13th September

Our courses

We challenge children to think about the world around them, enabling the sharing of their thoughts, ideas and experiences.

Centred on an enquiry-based approach, in this three-level course each theme begins with a question, encouraging children to explore while developing linguistic competences and building critical, independent thinking skills across a range of subject areas.

Through fun, interactive experiences children build the foundations of their fluency, comprehension and literacy skills.

- CEFR syllabi fully integrated into core course materials
- Holistic approach promotes deeper understanding of both language and content areas
- Contemporary approach captures children's imaginations, and develops 21st century skills

Content

We have partnered up with Oxford University Press to offer a variety of tailored materials carefully selected from the Oxford Bilingual Journey and Oxford Read Tree series.
